

## SUPPLY LIST

Thank you for signing up for the Newport Art Museum Workshop.

If you don't have something on my supply list don't worry, I will bring extras. Gotcha covered!

I recommend using a limited palette for the class. Either oil paints or if you prefer acrylics.

You can also bring any other color you typically like to use, here is a suggested list.

Titanium White  
Cadmium Yellow Lemon  
Indian Yellow (optional)  
Yellow Ochre  
Cadmium Red  
Alizarin Red  
Viridian or Sap Green  
Ultramarine Blue  
Cobalt Blue (optional)

**Required!** A note book or drawing pad to work on some quick composition sketches. Along with something to draw with. Example magic marker, pencils, highlighters, pens etc....

### Brushes

Bring your favorite brushes.

I personally like flats and brights, sizes 4,6,8,10 also bring ( if you have ) a larger 1 inch flat brush. My experience is larger brushes can speed the learning curve.

A few small rounds or rigger brushes can help with final details.

Assorted Palette knives for mixing colors and applying paints.

Two 8x10" or two 9x12" panels or canvases. Nothing larger than 12"x16"

I highly recommend centurion panels from Jerry's Artarama. They are linen and reasonably priced. I will bring some of these if want to purchase.

Odorless solvent for cleaning brushes (I like Gamasol, I will bring some). Air tight container to hold solvent.

An portable easel with a paint palette. I recommend French Easel. Open M box, Alla Prima Easel, to mention a few. The easel needs to be stable in outdoor conditions.

Please be familiar with set up prior to class. A chair if you want to sit.

Rags to clean up with old tee shirts or Bounty work well. Bug spray, sunscreen, hat, water, and a bag lunch.

A camera/ iPhone/ iPad if you want to take photos. iPads are great for looking at reference photos and other painters. I will also show you some other uses with iPad if you are interested.
